The Modern Language Teachers' Association of the Australian Capital Territory (MLTA ACT) is proud to host the biennial AFMLTA National Conference in July 2013. This event is taking place in the nation's capital, Canberra, as it celebrates its centenary of foundation.

### Academic Program

The extensive program will include sessions on research papers, classroom practice, workshops and Speed TeachMeet Panels. There are also pre-conference workshops on specific topics. Involvement in the program will stimulate and challenge participants to reflect deeply on the past, present and possible future issues surrounding languages learning and teaching.

The conference will also provide a forum for the sharing of ideas, research findings and best practice approaches to language teaching and learning in Australia and from around the world. The conference theme of **Inspire – Innovate – Interact** is realised through the conference tracks of Research & theory, Practice & pedagogy, Technology and Policy.

For all information about the conference please see the dedicated conference website

<http://conference2013.afmlta.asn.au>

or contact

[conference2013@afmlta.asn.au](mailto:conference2013@afmlta.asn.au)

A wide range of interested commercial organisations will have exhibitions of their products.

### Social Program

The social program will provide delegates with opportunities to meet colleagues and renew old acquaintances for the purpose of both networking and socialising informally.

Registration and information about papers to be presented is available from the conference website <http://conference2013.afmlta.asn.au>
